ADDITIONAL ITEMS – ADD SOME FUN TO YOUR EVENT

The RS Hispaniola offers great flexibility to add a variety of options to your event. Our outside deck space certainly provides a welcome escape and a chance to enjoy London.

We offer a range of reduced drinks packages to our conference and meeting clients to enable you to close the event in a more informal manner. Why not add canapés to enable a little more networking before your delegates leave for the day.

We understand that you may have more complex AV requirements and we can provide additional items for you, from an external supplier, or you can use your own preferred suppliers.

With our unique relationship with Thames Jet rib hire and City Cruises boat hire we are able to offer a range of cruising options to add to your event. Whether it is a high speed rib ride, from close by Westminster Pier, or a post event cocktail cruise do discuss your thoughts with our Event Manager.

We've worked with some great companies for Treasure Hunts in the local area and these are great when a more fun element is required, and you wish to mix your delegates on the day.
